STORY

**Horror in the Snow**

You've struggled to find any signs of life in this street let alone Beth Engel. With the constant threat of being pulled underground by a mysterious creature and more and more snowmen beginning to appear, you spot the Engel house up ahead and make a run for it.

🔍 If investigators defeated the Thing Underneath without the agenda 1a flipping: Each investigator draws one card and gains a resource.

Search the encounter deck and discard pile for all copies of *Heavy Snow* and remove them from the game.

Shuffle the set aside *Family Misfortunes* encounter set into the encounter deck along with the discard pile.
